

# 6 DAY Dental & Orthodontics

*Family-owned, Family Focused*

We are committed to providing you and your family the highest standards of dental care. We welcome you and will strive to make your dental experience positive and pleasant. In order to achieve these goals, and focus on caring for your dental needs, we need your assistance and understanding of our financial policies.

6 Day accepts over 100 insurance plans and is now **"in-network"** with **BlueCross BlueShield, Careington\*, Cigna\*** and **Delta Dental Premier!** **NOTE:** If an employer provides or makes available dental insurance, they must offer a plan that allows an individual to go **"out of network"** to the dentist of their choice. Most patients are able to change their plan options at the next open enrollment period, which is often every quarter. We don't believe in high or hidden fees at 6 Day, not at all. We charge the lowest possible fees to meet your needs and keep your teeth healthy and beautiful. Even if 6 Day is not on your insurance plan, you can still come to 6 Day knowing that you are getting the care that you and your family needs for the lowest possible cost. Regardless of coverage, 6 Day will verify your insurance before you arrive for your appointment, allowing us to more accurately estimate your out-of-pocket expense. Rest assured, 6 Day's 20 years of experience in processing insurance ensures that you get maximum reimbursement and coverage! That's our commitment to you — that's the 6 Day Way!

## 6 DAY'S COMMITMENT TO YOU

- **Convenience** – open 7am - 7pm, Monday through Friday and 8am - 3pm, EVERY Saturday
- **One stop dental and ortho care** – all procedures under one roof in ALL five practices
- **On-time practice** – all patients seen promptly after check-in at their scheduled appointment
- **Immediate appointments** – patients offered appointments today or tomorrow
- **Same day treatment, INCLUDING emergencies** – less missed work and school
- **Early intervention treatment philosophy** – less pain and cost
- **Warranty** – ALL procedures are covered
- **Moderate price for highest quality of care** – we don't believe in high fees at 6 Day
- **Insurance dept** – files your claims for free, and fights to maximize your benefits
- **Financing** – offer payment options to fit every budget
- **Hygienists** – many managed care clinics (PPO's, HMO's) do not have hygienists (too "expensive")
- **No Hidden Fees** – a trick used by many managed care providers to "make up the difference" with discounts given per PPO/HMO contracts
- **No shortcuts to quality** – the old saying, "you get what you pay for" applies!

## FEE SCHEDULES

We no longer accept assignment of benefits for insurances that have fee schedules. The schedules change frequently and often with no notice at all, so what frequently happens is that patients get upset when the estimate is off. Due to this, **Fee Schedule patients must pay us in full for their treatment.** We will submit your claims, and do follow up to assure reimbursement, at no cost to you. The insurance company will send payment directly to you. This means you will have to pay for your visit up front, and wait on insurance for a short period of time. *(Usually only 30 – 45 days.)*

\* enrollment pending, but is expected to be complete by May 1, 2009
