Area dentists collect supplies for schools across metroplex

BY DANIELLE BICKELMANN

✓ Six Day Dental & Orthodontics rallied all five of its offices in Coppell, Flower Mound, Roanoke/Keller, Allen and Frisco/Plano for employees to collect supplies for area schools, gathering enough supplies to donate a classroom worth to five different elementary schools, one for each Six Day location.

The schools helped were Anderson Elementary, Furneau Elementary, Gullede Elementary, Justin Elementary and Liberty Christian Academy. Six Day's "Ambassador of Smiles," Molar Man, made stops at each of the schools to deliver the supplies and greet some of the kids.

The donations will be used by the schools to aid students who need them most, and Six Day was glad to help.

"We asked our employees to either purchase a couple extra things when they shopped for
