

# 32 *Heard hosting candy give-a-way*

Official candy sponsor of the 2008 Halloween at The Heard 6 Day Dental & Orthodontics will be on hand to give out candy to trick or treaters from 6 to 10 p.m. Saturday, Oct. 25.

6 Day will provide sugar-free candy, putting dental hygiene first, and 6 Day's Ambassador of Smiles, Molar Man, will be there to greet children and remind them to take care of their teeth during this candy-filled holiday.

There will be Trick-or-Treating, a costume contest and a chance to watch Casper, the movie.

The Heard is a natural sci-

ence education center in McKinney. The current main attraction is the Third annual Dinosaurs Alive! Exhibit, which features twelve life-sized animatronic dinosaurs, as well as two dinosaurs for children to climb and play. With a 289-acre sanctuary, six miles of hiking trails, two-acre native plant garden, live animals, indoor and outdoor exhibits, classroom and laboratories, The Heard reaches more than 100,000 people annually, including more than 20,000 children who attend science and hands-on preschool, home school and summer camp programs.

**Molar Man will be at the Heard Museum Saturday.**
